**HFMA Update: Strategies for Success in Today’s Marketplace**

**Speaker:**
JOSEPH J. FIFER, FHFA, CPA, President & CEO, National HFMA

As the nation’s healthcare transformation continues, all stakeholders are being challenged to go beyond their traditional roles. In this presentation, HFMA President and CEO Joe Fifer will discuss the implications of HFMA’s key strategic initiatives, share highlights of our newest research findings on value-driven health care, and offer guidance for success in a rapidly changing environment. After this session attendees will be able to identify key strategic issues in healthcare finance, describe evolving roles of major healthcare stakeholders and discuss implications of value-driven health care for finance leaders.
Leading the Change

Speaker:
KARI S. CORNICELLI, FHFM, CPA, 2014–2015 Chair, Healthcare Financial Management Association, Vice President, Chief Financial Officer, Sharp Metropolitan Medical Campus, San Diego, CA

As a healthcare finance professional, you have a wealth of opportunities to lead the change taking place in American health care. To make the most of those opportunities, you need practical solutions. In this session, discover how your colleagues are improving the value delivered to healthcare purchasers and enhancing the healthcare financial experience for patients and communities. Also, you will come away with solutions that work for the most pressing problems your organization faces on a daily basis. After this session attendees will be able to identify key trends in healthcare finance, describe examples of solutions that work in today’s challenging, dynamic environment, and discuss key success factors that will enable others to achieve similar results.

BREAKOUT SESSIONS

Generating the Maximum Revenue from Every Managed Care Contract

Speakers:
RUTH LEVIN, Partner, MRCC Group
PATRICK NOLAN, Partner, MRCC Group

This presentation focuses on the importance of key managed care contract terms for maximizing reimbursement. Participants will learn how language and rate structures can greatly impact revenue. We will also discuss strategies for sharing in increased premiums the health plans receive from provider activities and in improving coding and savings health plans derive from reduced hospital and related costs. The presentation will highlight contract compliance activities that should be in place to ensure you receive full reimbursement, as well as contracting opportunities and pitfalls and how to take advantage of and avoid them.
Using the Medicare Cost Report for Operational and Financial Analysis and also as a Compliance Audit Tool

Speakers:
MARIANNE L. MUISE, FHIM, Principal, Healthcare Management Solutions LLC
BARBARA J. PIASCIK, CHC, FHIM, Senior Vice President–Chief Compliance Officer,
Brookdale Hospital and Medical Center

Most Medicare Cost Report sessions review how to complete the forms. This session will describe how to use the Medicare Cost report information for analysis and provide a view of how to use the information for operational and financial efficiencies, as well as a compliance risk analysis tool. This information can be valuable to any organization, especially those without a cost accounting system, to analyze the profitability of services and improve managed care contracting. In addition, a compliance officer will provide information on how to use the cost report data as part of a compliance audit, monitoring and risk program.

Annual Legal and Compliance Update

Speakers:
CATHERINE A. DIVINÉ, Esquire, Partner, Hancock Estabrook, LLP
MARGUERITE A. MASSETT, Esquire, Partner, Hancock Estabrook, LLP

This session will cover a number of "Breaking News" events in the health care legal and compliance world, including updates on notable qui tam lawsuits alleging fraud in hospital-physician financial relationships, a discussion of recent Department of Justice enforcement initiatives in the Northern District of New York, and changes in state and federal law that significantly impact health care delivery in New York State. This session will also discuss the proliferation of hospital system consolidations in New York and some legal "lessons learned" as a result of living through such restructurings.

Operationalizing New Transparency Expectations and Requirements–The New Normal Point of Service Collections: It’s More than Just Asking!

Speakers:
KATHERINE H. MURPHY, CHAM, Vice President, Revenue Cycle Consulting,
Passport-Experian Health
LISA TOZIER, Patient Access–Revenue Integrity Manager, St. Joseph Hospital, Bangor, Maine

Communicating pricing transparency is a complex process requiring an understanding of physician, clinical, hospital and financial information, as well as regulatory requirements. It’s not for the timid—yet certainly an attainable goal. Pricing transparency can reverberate throughout a patient’s experience! Patient settings vary and each has its nuances. Learn how to make what seems impossible, a reality. Explore the new normal that will prevail as the industry moves forward with the Affordable Care Act and how to accomplish the call for transparency that comes along with it.

How do you increase point of service collections? Is there a "best time" to collect? Learn the answers to these questions and explore the success stories of providers who have made the journey and find out how to improve your POS collections.
Conflicts of Interest: Evolution of the Concept and Impact of the Physician Payment Sunshine Provisions of the Affordable Care Act

Speaker: BILL SACKS, Vice President, HCCS-Effective Compliance Solutions

Presentation will address the evolution of the concept of Conflicts of Interest in Medicine over the last twenty years. This session will include discussions on the increased influence of industry on the financing of medical research, and the efforts by hospitals and medical societies to mitigate the effects of this influence, the efforts of hospitals and other providers to increase transparency of potential conflicts of interest, and the impact of the "Physician Payment Sunshine "Database on these efforts.

General Session -  "The 5 Second Rule - The Secret to Managing Change, People and Your Mind"
Speaker: MEL ROBBINS

Mel Robbins is an award-winning CNN Contributor and Legal Analyst, best-selling author and expert on leadership, personal productivity, motivation and the brain. She’s shared the stage with Donald Trump, Oprah, and Dr. Phil. Her TED Talk on Strategic Thinking has gone viral. In this session she will teach you everything she knows about being successful in life and business. Mel will keep you laughing hysterically and enlighten you with compelling research and actionable strategies to improve your effectiveness as a leader, increase your personal productivity, and bolster your negotiation, networking and communicating skills. A few highlights of the things you will learn: The 2 Modes Your Mind Operates In – and How To Master Both, Tools to Overcome Overwhelm, Procrastination, & Fatigue, The Secret To Disarming Difficult People, How to Run A Powerful Meeting and Where To Sit In A Conference Room, The 4 Factors That Create An Instant Connection With Any Human Being, The HUGE Mistake You Make Every Morning and What You Must Do To Change It, The Universal Law Of Motivating Your Team and The Single Reason Why 76% Of Your Employees Leave, and How To Change It.

9:30 AM – 9:45 AM  
Book Signing

9:45 AM – 10:45 AM  
General Session - "Privacy in the Age of Big Data"
Speaker: THERESA PAYTON, President and CEO, Fortalice LLC, Former White House Chief Information Officer

When medical and healthcare organizations need insight and advice on how to prepare their organization for emerging threats and where HIPAA leaves off and security complexities begin, few are better positioned than Theresa Payton. Theresa is an expert regarding identifying security risks, minimizing exposure and proposing solutions to protect assets. As White House Chief Information Officer, Payton led efforts to protect and defend the Executive Office of the President (EOP) network against information security threats and risks. She later founded the security, risk and fraud consulting company Fortalice Solutions, LLC. From cyberspace to
identify and access management to fraud protection, Payton delivers actionable insights to protect your organization and client assets from risk and threats. And attendees might want to ask her about the fake finger incident in Brazil and what it means for healthcare organizations everywhere.

**BREAKOUT SESSIONS**

**How to Deal with Managed Care Companies—Courtroom Lessons**

**Speaker:** ROY W. BREITENBACH, Esquire, Partner–Director, Garfunkel Wild, PC

As an attorney who has represented many providers in heavily litigated disputes with managed care companies over reimbursement, termination, and related issues. Mr. Breitenbach has a unique insight into how health care providers should deal with managed care companies. The goal of this presentation is to use this knowledge to help health care providers (1) avoid disputes with managed care companies; (2) gain the upper hand if a dispute arises; and (3) maximize their relationship with the managed care. Mr. Breitenbach will specifically talk about four main topics: (1) Negotiating the Managed Care Contract -- Some Pitfalls to Avoid. (2) Provider Network Participation Terminations and Disputes. (3) The Decision To Go Out-Of-Network -- What It Means. (4) Pre-Approvals, Pre-Certification, and Utilization Review -- How to Navigate.

**Indigent Care Pools & DSH Audits**

**Speaker:** TBA

This presentation will cover the Indigent Care Pool Reform Methodology and related statutory changes, Implementation Plan for 2013 and 2014 Indigent Care Pool, Statewide DSH Payments Summary and Hospital Financial Assistance Law (HFAL) Quality Pool.

**ICD-10: Determining the Realistic Reimbursement Impact on MS-DRG’s and APR DRG’s**

**Speaker:** DONNA SMITH, RHIA, Senior Consultant, 3M Consulting Services

This session will analyze and address key ICD–10 financial impact areas and offer practical how to information and tools to help take advantage of ICD–10 performance improvement. Now that the State of New York has adopted the PAR DRG classification methodology for Medicaid payment, it is essential that New York healthcare organizations understand the potential reimbursement impact of ICD–10 on APR DRG’s, as well as MS-DRG’s. Using a case study format, discussion will take place on how translations from ICD–9 based, DRG–based claims, along with an organization’s base reimbursement rate, can be used to determine what the expected reimbursement would be for each department within an organization, each DRG, and overall if the same DRG’s were delivered using ICD–10. Reimbursement impact can be determined on a case-by-case basis or by computing an entire year’s worth of data. By analyzing the output, facilities can determine the areas and service lines with the greatest exposure under ICD–10, along with mitigation opportunities using ICD–10 specificity.
Update on Managed Long Term Care Contracting
Speakers:
MATTHEW BOSWELL, CPA, Manager, The Bonadio Group
JANINE MANGIONE, CPA, FHFMA, Partner, The Bonadio Group

During this session you will be able to recognize why your managed care strategy is of vital importance. You will walk away with strategies to use in negotiations around contract clauses and requirements. You will learn which information you should be tracking and how the cost report can be utilized to assist in negotiating rates.

Creating A Concierge Patient Experience
Speaker:
TINA ELLER, Vice President, Patient Access Operations, Convergent

Creating an exceptional patient experience is key to your revenue cycle operations for both patient loyalty and improved financial reimbursement. In this educational session, we will discuss how providers across the nation are using innovative, patient-focused strategies to enhance the patient experience, increase physician satisfaction and improve overall financial performance. Examining the patient-focused pre-arrival contact center model, we will discuss how providers are changing front-end patient access operations to directly impact patient experience and reimbursement. Additional topics include current market conditions, patient financial responsibility at point of service collections, creating better patient loyalty, exceeding patient expectations in the revenue cycle process, best practices and workflows for pre-registration, financial clearance and key patient access operations.

12:15 PM – 1:15 PM General Session –
"State Reform Initiatives and Medicaid Updates"
Speaker: TBA

This session will provide hospital finance and reimbursement staff with updates regarding the 2013-2014 New York State budget and the implementation of various Medicaid reform initiatives.
